| Opgave | Statistieken | Inzet |

De 31 buurten van Oost, met elk een eigen dynamiek, kenmerkende vormgeving en unieke bewoners met wensen en verlangens, dragen bij een de diversiteit van Oost.

Door de schaalsprong (fusie stadsdeel Zeeburg en Oost-Watergraafsmeer) in 2010 en de verschuiving van vele taken van stadsdeelraad naar gemeenteraad sinds 19 maart 2014, zijn de oog- en oorfunctie in de buurten nog belangrijker geworden om maatwerk te blijven leveren op buurtniveau.
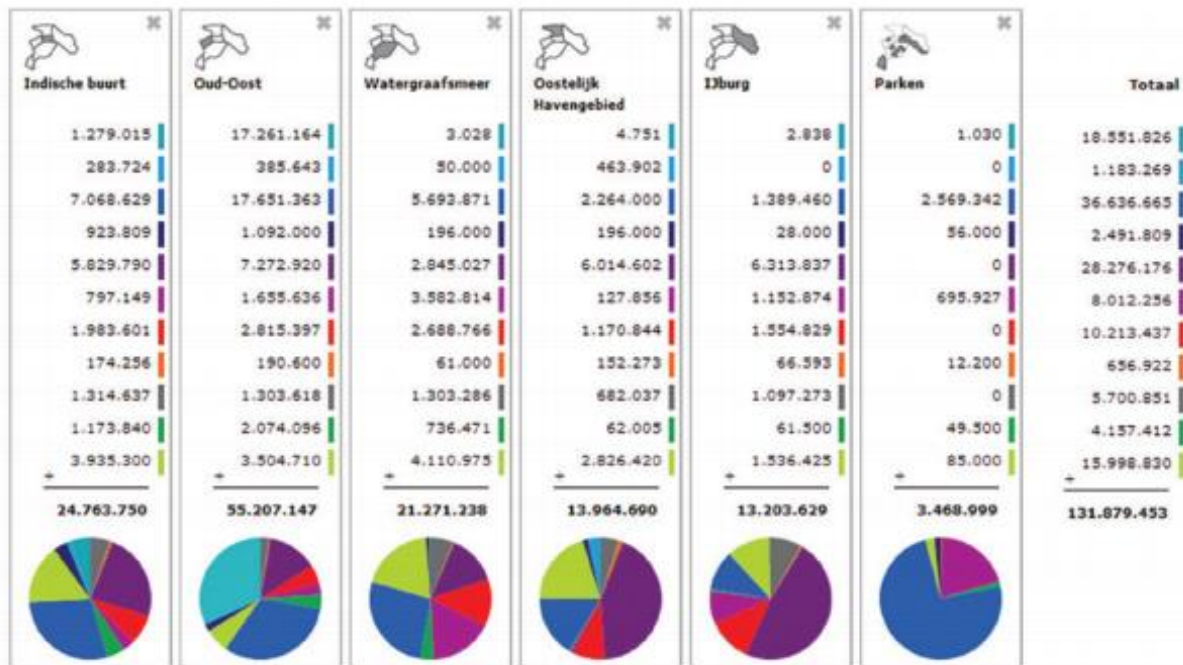

Instrumenten zijn ontwikkeld voor gebiedsgericht werken:

Inspiring OGP Practices – South Africa

- **What?** Formalise partnerships with CSOs and provide training for officials to build internal capacity to implement public participation activities

- **Who?** Public Admimistration Leadership and Management Academy (PALAMA), quango

- **Where?** Nine provinces in South Africa

- **When?** 2011-2013

- **How?** Service Delivery Improvement Forums (SDIF) at local level (timely citizen report cards on service delivery levels, esp.in relation to health care, public utilities, housing)

  Surveying citizens (about access to admin.docs, databasess), focus groups, in-depth interviews

HU Progress Report, 2013-2014

Partner: OGP Independent Reporting Mechanism

Task: monitoring and evaluation of the progress made by the HU government w.r.t. the national commitments made in the National Action Plan (February 2013)

Methods: document analysis, interviews, online stakeholder survey

Time line: August 2014 – November 2014

Participants: P, A, G, E

Stakeholder priorities
- adopted recommendations

✓ disclose public motions by local government bodies (3.4),

✓ to organize trainings on freedom of information for civil servants (5.2),

✓ to set rules of lobbying activities (4.4).

✓ to apply COFOG in the presentation of the central budget and to illustrate budget data by visualizations in a more comprehensible way (1).

• disclosure of resolutions ("határozat") from closed local governmental councils and committee meetings -> the MPAJ made a commitment to hold open meetings for the utilization of local government property and procurement (3.3).

• organization of integrity trainings for local government and SOE employees -> the MPAJ called for the same only in the case of officials of state organs (5.1).

Stakeholder priorities
- neglected recommendations

Access to information

✖ Fulll disclosure of public policy concepts and strategies at government portal

✖ Full disclosure of local government decrees ("*rendelet*") and meeting protocols ("*önkormányzati testületi ülések jegyzőkönyve*").

✖ Publishing contracts on the use of public money in a database as well as sanctioning non-compliers
Public integrity & accountability

✖ Revision of the legal framework for party and campaign financing;

✖ Regulating the concept of "business secret" with regards to the use of public property

Top 5 recommendations (BIPA)

1. Monitor the public disclosure practices of local governments and SOEs on a regular basis (incl. annual workplan of the State Audit Office, *ÁSZ*)

2. Launch e-procurement (esp. electronic submission & e-auctioning)

3. Review party and campaign financing regulations;

4. Revise the freedom of information regulations;

5. Revise regulations on classified information
